

Mother Nature

by Group-4

We won't have a society if we destroy the environment

A close-up photograph of a bright red flower, possibly a geranium, in the foreground. The flower is in sharp focus, showing its intricate petals and stamens. The background is heavily blurred, featuring a light-colored building on the left and a bright blue sky with large, white, fluffy clouds on the right. The overall scene is bright and sunny, suggesting an outdoor setting.

The key to a Greener planet is in your hands

Once a wise man said that the earth laughs in flowers

The key to a healthier planet is in our hands

In nature nothing exists alone

It's our duty to save the environment's beauty

Thank You
